ARVAL
BNP PARIBAS GROUP

We care about cars. We care about you.

Summary

- 1) Creating service taxonomies
- 2) Creating service pack taxonomies
- 3) Configure site properties and configure packages with offers in service configurations
 - Price per offer
 - Price per category
 - Price per sites

Step 1 : Creating service taxonomies

Firstly you have to create offer services taxonomies, by this way :

The screenshot displays the ARVAL CMS administration interface. At the top, there is a navigation bar with 'Manage' and 'Content' tabs. The 'Structure' tab is active, and a dropdown menu is open, showing options: 'Base offer settings', 'Job offer settings', 'Menu settings', 'Taxonomy' (highlighted with a mouse cursor), and 'Webforms'. The main content area shows the ARVAL logo and navigation links for 'Individuals', 'Small business', 'Corporate', and 'EM normandie test'. Below this, there are buttons for 'VIEW', 'EDIT', 'DELETE', 'REVISIONS', 'CLONE', and 'TRANSLATE'. The background features a scenic image of a road with the text 'Professionals: rent a vehicle with FSL and keep focus on your business' and a button 'DISCOVER FULL SERVICE LEASING BY ARVAL'. At the bottom, there are sections for 'Long term need more than 2 years' and 'Temporary need less than 2 years'. The URL at the bottom left is 'https://cms-mig.pre.arval.com/apo3/admin/structure/taxonomy'.

Step 1 : Creating service taxonomies

Step 1 : Creating service taxonomies

Create a new subitem in LCV / LTR or MTR service taxonomy.

Back to site Manage

Content Structure Configuration Help

List Edit

Home » Administration » Structure » Taxonomy » Edit <em class="placeholder">LTR - Offer services

You can reorganize the terms in *LTR - Offer services* using their drag-and-drop handles, and group terms under a parent term by sliding them under and to the right of the parent.

[Add term](#)

[Show row weights](#)

Step 2 : Creating service pack taxonomies

After you have to create services pack taxonomies, by this way :

The screenshot shows a web interface for managing vocabularies. The top navigation bar includes 'Back to site', 'Manage', 'Content', 'Structure', 'Configuration', and 'Help'. The user is identified as 'tgonot' and the current theme is 'adminimal_theme'. The current language is 'en' and the site is 'Apollo Test Sprint 3'. The main content area displays a table of vocabularies with columns for 'Vocabulary name', 'Description', and 'Operations'. The 'LTR - Offer services pack' row is highlighted in light blue, and its 'List terms' button is circled in green. The URL at the bottom is 'https://cms-mig.pre.arval.com/apollo3/admin/structure/taxonomy/manage/ltr_offer_services_pack/overview'.

3 possibilities :

- Price per offer → no need to enter prices for pack here, they're entered automatically by XML import.
- Price per category → enter the price of the packs in the related Category taxonomy
- If you choose the configuration of pricing by site, then you have to change directly in this screen the price of the pack.

You have to select the pack that you want in default.
In the Price field, fill 0 for the default pack price. The price of other packs are relative to the default one. So you can fill negative price.

Pricing configuration – By category

Pricing by **category** : You have to define the price for each pack and to fill price field.

The screenshot shows a configuration page for 'OFFER SERVICES'. The top navigation bar includes 'Content', 'Structure', 'Configuration', and 'Help'. The main content area is titled 'OFFER SERVICES *' and contains the following elements:

- Site offer pack rule ***: A dropdown menu set to 'Management by category'. Below it, a note says 'Choose how to configure service pack - By site : just below - By category in the taxonomy LTR - Vehicule type - By offer Directly in each offer'.
- Offer services mode**: Three radio buttons: 'N/A', 'Services pack' (selected), and 'Services list'.
- Offer included services**: A note 'No Paragraphe added yet.' and a button 'Add Offer services by offer type'.
- Offer service pack**: A section header with a 'Show row weights' link.
- Offer services pack by offer type**: A section header with a 'Remove' button. It includes a 'Language' dropdown set to 'English' (with a note 'The language this paragraph will be displayed for, leave empty not to filter.') and an 'Offer type' dropdown set to 'LTR - Cars' (with a 'Show row weights' link).
- Offer services packs ***: A section header with a 'Show row weights' link.
- Offer service pack**: A section header with a 'Remove' button. It includes a 'Price *' input field with '1.00' (highlighted with a red box), a 'Selected by default' checkbox, and a 'Service pack' dropdown set to 'Economy (12827)'. Below this is another 'Offer service pack' section header with a 'Remove' button.
- Offer service pack**: A section header with a 'Remove' button. It includes a 'Price *' input field with '2.00', a 'Selected by default' checkbox, and a 'Service pack' dropdown set to 'Business (12822)'.

Pricing configuration – By sites

Pricing by **sites** :

The screenshot shows a web application interface for configuring pricing by sites. At the top, there is a navigation bar with 'Content', 'Structure', 'Configuration', and 'Help' menus. The main content area is titled 'OFFER SERVICES *' and contains several configuration options:

- Site offer pack rule ***: A dropdown menu set to 'Management by site'.
- Choose how to configure service pack**: A text instruction with options: 'By site', 'Just below', 'By category in the taxonomy LTR', 'Vehicle type', and 'By offer Directly in each offer'.
- Offer services mode**: Three radio buttons: 'N/A', 'Services pack' (selected), and 'Services list'.
- Offer included services**: A section header with a 'Show row weights' link on the right.
- Offer services by offer type**: A section header with a 'Remove' button on the right. Below it is a 'Language' dropdown set to 'English' and a note: 'The language this paragraph will be displayed for, leave empty not to filter.' Below that is an 'Offer type' dropdown set to 'LTR - Cars'.
- Services**: A section header with a 'Show row weights' link on the right. It contains three 'Offer service item' entries, each with a 'Remove' button on the right:
 - Offer service item: 'Offer service *' dropdown set to 'LTR', and a second dropdown set to '24/7 Driver Support'.
 - Offer service item: 'Offer service *' dropdown set to 'LTR', and a second dropdown set to 'Fixed Monthly Payments'.
 - Offer service item: 'Offer service *' dropdown set to 'LTR', and a second dropdown set to 'Flexible Contract terms'.
