Click on “Content”
In sub-menu click on “Media”, “Add media”, “Image”.

The screenshot displays the Arval Admin interface. On the left, a navigation menu shows 'Content' selected. The main area is titled 'Media' and has a sub-menu with 'Media' highlighted in red. Below this, the 'Add media' button is also highlighted in red. To the right, the 'Image' option is selected. The main content area shows a table with one entry: a red car image and the text 'offer test'. The table has columns for 'Media name', 'Type', and 'Published s'. The 'Type' column has a dropdown menu set to '- Any -'. The 'Published s' column has a dropdown menu set to '- Any -'. There is an 'Apply' button below the filters. The table shows 'Displaying 1 - 50 of 220' items.

HOW TO MANAGE VISUALS?

When uploading a visual a “Crop” system is available.
It helps to define the visible part of the visual depending on the block used.
